Audit Findings

Audit Narrative

The PREA audit of the Baldwin Park City Jail was conducted on July 17, 2018. The Baldwin Park City Jail is operated by the GEO Group, Inc. The Jail houses male detainees awaiting arraignment dates for felony arrests. The facility also has a Pay-to-Stay Program where sentenced detainees can pay \$100 per day to fulfill their sentence. By court order, they can stay for up to 96 hours at every stay.

PRE-AUDIT PHASE

Pre-audit preparation included a thorough review of agency policy 5.1.2-C, Baldwin Police Department Policies 901 and 902, the PREA training curriculum, the Pre-Audit Questionnaire and supporting PREArelated documentation provided by the facility to demonstrate compliance to the PREA standards. During this review period Arturo Hernandez, Jail Administrator of the Alhambra City Jail, designated as the PREA Compliance Manager for this facility and for the Montebello City Jail and the Alhambra City Jail and by Julio Martinez, the Baldwin Park City Jail Administrator, answered questions. The facility was provided with facility notices in English and Spanish informing detainees of the upcoming audit date with my name and address if they wished to send correspondence to me. Residents are informed on the notices that correspondence sent to me would be handled like legal mail. There was no PREArelated correspondence received from detainees of the Baldwin Park City Jail.

Documentation for criminal background checks and related documentation as well as documentation of PREA training for all employees was forwarded for review in the PREA files. Review of these files revealed that criminal background checks are being completed for applicants and for employees being considered for a promotion or transfer. All employees are receiving PREA training as part of their preservice training and they complete online PREA refresher training through the Learning Management System (LMS). Employee files are maintained by the Human Resource Manager at the GEO Western Region Office.

ON-SITE AUDIT PHASE

On the first day of the audit, a brief entrance meeting was held with Julio Martinez, Jail Administrator, Arturo Hernandez, PREA Compliance Manager, Steve Lechuga, Director of Jails and Phebia Moreland, Director, Contract Compliance PREA Coordinator in attendance, followed by a site review of the facility.

During the site review locations of cameras, room layout, restrooms and the placement of PREA posters and information was observed. Reporting Options posters, Third Party Reporting posters, Sexual Assault Awareness Program posters and facility notices, all in both English and Spanish, were posted in the holding cells and in all living areas. Facility notices noted the date posted as 6/11/18. Showers have curtains for privacy and detainees are provided with portable partitions that are placed in front of the toilets to give detainees privacy when toileting in holding cells and housing cells.

The number for the Peace Over Violence, an area agency that provides detainees with a reporting hotline and victim support services, was dialed on a detainee pay phone. The number was found to not be accessible following the directions on Reporting Options posters, which instructed detainees to enter an anonymous pin number (91776) and then dial the number 626-793-3385. By the evening of the audit visit, the Jail Administrator changed the procedure to allow detainees to dial * 2 to make calls to Peace Over Violence. That speed dial number was dialed on a detainee telephone and found to be

accessible and answered by Project Sisters. Detainees are also instructed on information posted by all telephones that they can dial *1 to contact the Baldwin Park Police Department Domestic and Sex Crimes Advocate. That number was found to be accessible. The number for the RAINN National Hotline was also dialed and was found to be forwarded to Project Sisters in Pomona, CA. Project Sisters advocates work in conjunction with Peace Over Violence.

There were no detainee interviews conducted, as there were no detainees housed at the Baldwin Park City Jail on the day of the onsite visit.

All staff scheduled to work on the day of the audit visit were interviewed for a total of three Jail Officers, the Jail Administrator and the GEO Western Region Human Resource Manager who was interviewed by telephone. The Jail Officers were asked the random staff questions as well as the questions for those staff who perform screening for victimization and abusiveness. The Jail Administrator is the Facility Director, the Facility Investigator, is responsible for retaliation monitoring, conducts screenings for risk of victimization and abusiveness and is on the Incident Review Team. He was asked the questions related to each of those roles, as well as the random staff questions. All staff interviewed confirmed completing PREA classroom training at pre-service and annual online training through the Learning Management System (LMS). They were knowledgeable of the zero-tolerance policy and knew what steps to take if a detainee alleged abuse to them and to whom to report.

The PREA Risk Assessments of random assessments of 10 detainees that were housed at the jail during the month of July were reviewed to determine compliance with screening procedures. All forms were found to be complete. Detainees sign on the screening form that they received the PREA pamphlet at intake.

In the 12 months preceding the audit, there were no allegations of sexual abuse or sexual harassment reported. If allegations were reported, the Baldwin Park City Police Department would investigate all allegations. In the event the Police Department determines the allegation is not criminal, the allegation may be referred back to the facility for investigation. The Jail Administrator is the facility's trained investigator responsible for administrative investigations of allegations of sexual abuse and sexual harassment.

The facility has 14 cameras located throughout the jail in common areas. Camera monitors were reviewed with the Jail Administrator. Cameras are equipped with digital privacy screens to prevent cross gender viewing of toilets and showers via cameras.

POST-AUDIT PHASE

An exit meeting was held at the Alhambra City Jail on the day following the audit visit with Arturo Hernandez, PREA Compliance Manager and Phebia Moreland, Director, Contract Compliance PREA Coordinator. Audit findings and observations for the Alhambra City Jail, the Montebello City Jail and the Baldwin Park City Jail were discussed. The PREA Compliance Manager stated he would share the audit findings with each of the Jail Administrators. The Jail Administrator/PREA Compliance Manager was thanked for his cooperation prior to the audit visits and during all three audits. He was informed of the process that would follow the audit visits and of GEO's responsibility to publish the final audit reports on the agency's website.

All documentation received prior to the on-site visit and documentation received during the On-Site Audit Phase was reviewed. Observations made during the site review of the facility and information gathered through interviews with detainees and staff was reviewed. Through this review during the Post-Audit Phase, a determination was made of compliance to all of the PREA standards.

Lockup Characteristics

The Baldwin Park City Jail is located at 14403 East Pacific Avenue, Baldwin Park, CA. The Jail is located in the basement of the building that houses the Baldwin Park City Police Department, City Hall and other city offices. When getting off the elevator at the basement level, the booking area is straight ahead. All arrestees are booked in this area and a PREA Risk Assessment – Lockups is conducted on all individuals in an area that provides confidentiality to screening information.

Just past the booking area, there is the Jail Administrator's office where there are camera monitors of live footage of the 14 jail cameras. The Baldwin Park City Police Department Dispatcher has the ability to view the jail cameras also. Cameras are located in all common areas, in the main hallway, in the sobering room and in front of the sally port entrance. There are no cameras in the housing cells.

The Baldwin Park City Jail is a 16-bed lockup that consists of four housing cells with two bunk beds in each cell, two holding cells, a sobering room, an interview room and a non-contact visitation room. Each housing cell has a toilet, a sink and a pay telephone within the cell with posted PREA information. Portable partitions are used by detainees when toileting for privacy. There is one restroom in the main hallway that has a toilet, a sink and a shower stall. The restroom has a solid door with a lock.

The Baldwin Park City Jail has seven employees, a Jail Administrator and six Jail Officers. There are three security shifts, 8 a.m. – 4 p.m., 4 p.m. – 12 a.m. and 12 a.m. – 8 a.m. There are two Jail Officers on each shift Thursday-Sunday and one on the other days of the week. Jail Officers conduct head counts at the start of each shift and document them on a Count Sheet. Security checks are conducted at a minimum of every 30 minutes and documented in the Activity Log Book. The Baldwin Park City Police Watch Commander does security checks and head counts once each shift, which are also documented in the Activity Log Book.
