Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

The PREA audit of The GEO Group, El Monte Residential Reentry Center, located at 11750 Ramona Blvd., El Monte, CA, was conducted on February 22 – 23, 2018, by Wynnie R. Testamark, DOJ Certified PREA Auditor.

Approximately six weeks prior to the audit, agency wide and facility specific supplemental documentation was mailed to this auditor via U S Express Mail, which was received, on January 30, 2018. The documentation arrived in digital format (on a flash drive). The documentation consisted of agency policies, directives and facility specific procedures responding to policy, samples of supporting documentation to each standard and the completed Pre-Audit Questionnaire.

Prior to the audit, the facility was provided with a memorandum noting the scheduled date of the facility audit and tour, contact information to be posted throughout the facility for residents and staff to view. The facility onsite audit and tour was scheduled for, and conducted on, February 22 -23, 2018.

The PREA Resource Audit Instrument used for Community Confinement Facilities was provided by the National PREA Resource Center. There are seven sections: A) Pre-Audit Questionnaire; B) the Auditor Compliance Tool; C) Instructions for the PREA Audit Tour; D) the Interview Protocols; E) the Auditor's Summary Report; F) the Process Map; and G) the Checklist of Documentation.

The Auditor met with agency staff on Wednesday, February 21, 2018 and discussed the PREA audit process and what to be expected during the on-site portion of the audit.

On February 22, 2018, Jonathan Dressler, PREA Divisional Coordinator Reentry Services, and Dragan Spiroski, Program Performance Manager; transported the auditor to El Monte Center. There, the auditor met with Facility Director Alexandra Bonilla, and her executive team for an entrance briefing. Shortly thereafter, we began with a tour of the center.

An extensive facility tour was conducted, all areas of the facility were toured, and I was also able to interact with both staff and residents at this time. Additional areas toured were, intake, reception screening, central control, recreation, laundry, chemical/supply room, kitchen/

resident dining, library, program areas, upstairs classroom and storage. I had the opportunity to observe the operations of the facility, and the interaction between staff and residents.

The tour began at 9:30 a.m. and concluded at 11:00 a.m. Accompanying on the tour was Facility Director, Social Services Coordinator, Security Manager, and PREA Divisional Coordinator, Jonathan Dressler, and Dragan Spiroski, Program Performance Manager.

The population of the facility on the first day of the audit was 56 residents in house and 15 on home detention.

Following the tour, the auditor began formal random interviews of residents and staff inclusive of specialized staff and residents present at the facility during the time of the audit. Interviews were conducted in areas of relative privacy. Everyone interviewed participated willingly and appeared to have a good understanding of the PREA standards and the agency's response and requirements regarding the standards, zero tolerance policy and reporting procedures.

All residents expressed a thorough understanding of their right to be free from sexual abuse, harassment, and retaliation. They also knew the appropriate channels in which to report allegations and they were aware of the medical and counseling services available to them.

The auditor reviewed the documentation provided by the facility prior to the facility visit. During the tour, the auditor randomly review additional documentation throughout the facility in order to verify that the samples provided was consistent with regular facility practice. This included viewing postings, pamphlets, employee personnel files, and training documentation for staff, and residents.

The auditor observed signage posted in English, and Spanish, throughout the facility, explaining residents' rights to be free from sexual abuse and how to report allegations of sexual abuse and harassment. The agency's PREA Coordinator in collaboration with facility PREA Compliance Manager, and facility staff, ensuring the information is disseminated (in multiple languages) throughout the facility for everyone to have access.

Throughout the audit, the auditor interviewed a total of 12 staff members, and 14 residents; (11 males & 3 females).

Of the fourteen (14) residents interviewed, two (2) identified themselves as gay/lesbian, (0) Transgender inmates, (0) Residents with cognitive disorders, (0) resident who report sexual abuse or harassment, (0) High risk of victimization resident and (0) residents who reported previous abuse or harassment during the intake screening, (0) Disabled inmates; (0) Hard of hearing residents, and (0) Limited English Proficient residents.

El Monte residential population is comprised of English and Spanish speaking residents. All residents interviewed, spoke and understood English and did not need the assistance of an interpreter. However; El Monte Center has interpreter services if and when the need arises; pursuant to Limited English Proficiency (LEP).

El Monte Center does not house youthful inmates.

There was no inmate who reported sexual abuse; who disclosed sexual victimization during risk screening; nor housed in segregation for risk of sexual victimization at El Monte Center. As previously stated, all residents interviewed demonstrated knowledge of the agency's zero tolerance policy for sexual abuse, harassment and retaliation, and were able to identify how to report allegations of sexual abuse, harassment & retaliation.

El Monte Center employs (15) staff at the time of the audit. The auditor formally interviewed (12) random staff; comprised of all shifts. (1) Contractor Administrator (HR); (El Monte Center does not employ Mental Health staff at the facility; however, residents do have access to Mental Health at Los Angeles County Medical Center & U S C Medical Center.

There were: (1) Investigator; (2) Staff who perform screening for risk of victimization and abusiveness; (1) Staff member on the incident review team; (1) staff member in charge with monitoring retaliation; (3) staff first responders, both security and non-security staff interviewed; (2) Intake staff member; Case Managers and the PREA Compliance Manager; (0) contractor staff.

In conclusion, a total of (12) staff from all shifts, and (14) residents' formal interviews was conducted. All interviews were conducted utilizing the approved PREA questionnaires from the PREA Resource Center.

Currently, El Monte Center utilizes fixed wing digital video recorders and DVR systems. The retention of the videos is 30 days. A Staff Monitor monitors all cameras in the Control Room.

El Monte Center has not acquired any new facilities or made any expansions or modifications to the existing facility in the past 12 months. However, since the last audit and Annual PREA Assessment dated 6/2017, there has been the installation of six (6) security cameras, and one (1) dome mirror.

Presently, El Monte Center has twenty-nine (29) cameras strategically placed throughout the facility, which includes interior and exterior cameras; ultimately enhancing security and surveillance at the facility.

Every area of the facility was observed as the standard requires and the auditor observed residents being supervised throughout the audit.

After the on-site audit was completed, the auditor conducted an exit briefing with Facility Director Alexandra Bonilla, and provided a preliminary status of the audit findings.

During the report writing period the auditor reviewed additional polices, procedures and supplementary documentation that was received during the audit.

Facility Characteristics

The El Monte Center is a community residential program operated by GEO Group, Inc. since 2010. It is located at 11750 Romona Blvd, in El Monte, California. The city of El Monte is approximately thirty-three (33) miles from Los Angeles, International Airport. The facility is located on a heavily traveled street in a mixed retail/office zoned area.

The physical plant is a single, one-story, wood frame structure. Construction appears to date to the early 1970's with the original use being a convalescent center. There are administrative offices, a control room, a large multi-purpose room, and laundry facilities.

There are 15 resident rooms, housing between two to nine residents each. The majority of rooms house four residents. With only two exceptions, each room includes a toilet and sink. Showers are located in common areas. The female sleeping rooms and shower facilities are located in a wing visible from the control center and the area is marked with red tape to designate the area as off limits to male residents. Surveillance cameras are used to monitor any unauthorized movement.

There is a second smaller structure called the learning center. It houses a large classroom, an office and a maintenance area.

Contractual requirements require one female and one male staff to be on duty at all times.

Referrals to the El Monte Center come almost exclusively from the Federal Bureau of Prisons (BOP). The major of referrals are pre- release transfers from BOP facilities and are serving the remainder of the sentence in the community. A smaller number of residents are public law cases and are serving federal sentences of less than one year. Referrals also include residents under supervision by the United States Probation Office and the U.S. Pre-Trial office.

The El Monte Center also operates a home confinement component. Residents are eligible for home confinement after reaching their pre- release preparation date and having successfully completed all previous levels of the pre-release program. At the time of the audit, 15 residents were participating in the home confinement component.

GEO's Mission Statement: "GEO's mission is to develop innovative public-private partnerships with government agencies around the globe that deliver high quality, cost-efficient correctional, detention, community reentry, and electronic monitoring services while providing industry leading rehabilitation and community reintegration programs to the men and women entrusted to GEO's care".

The Mission Statement of the El Monte Center: "It is the mission of the GEO Group El Monte Center to provide transitional services in a supervised environment to offenders as they move from prison to the community. Our goal is to assist each offender in obtaining employment or schooling; to help them establish and re-establish family relationships; and, to reenter their individual communities with a positive purpose and a desire to reinvest in their community. Our services are provided for offenders in the custody of the Federal Bureau of Prisons, United States Attorney General, or under the supervision of the United States Probation Office (USPO)".

Summary of Audit Findings

The summary should include the number of standards exceeded, number of standards met, and number of standards not met, along with a list of each of the standards in each category. If relevant, provide a summarized description of the corrective action plan, including deficiencies observed, recommendations made, actions taken by the agency, relevant timelines, and methods used by the auditor to reassess compliance.

Auditor Note: No standard should be found to be "Not Applicable" or "NA". A compliance determination must be made for each standard.

Instructions for Overall Compliance Determination Narrative

GEO policy #5.1.2: Sexually Abusive Behavior Prevention and Intervention Program is a written plan mandating zero tolerance towards all forms of sexual abuse and sexual harassment and outlines the agency's approach to preventing, detecting and responding to such conduct. The policy includes definitions of prohibited behaviors and sanctions for those who violate these prohibited behaviors.

The agency employs or designates an upper-level, agency-wide PREA coordinator with sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards. The PREA Coordinator, through interview has indicated that she has sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its facilities.

In addition, GEO policy #5.1.2-A, & El Monte Center policy #2014-1 states the responsibilities of the PREA Coordinator and the PREA Compliance Manager. At facility level, the Facility Director (PREA Compliance Manager) is responsible for the staff training and implementation of the facility's oversight of the PREA Standards.

An agency organizational chart and a facility organizational chart depict the positions and the span of control for both agency PREA Coordinator and facility PREA Compliance Manager.

Based on GEO policy#5.1.2: Sexually Abusive Behavior Prevention and Intervention Program, & El Monte Center policy#2014-1: PREA Staffing and Facility Requirement, PREA Agency Organizational Chart, El Monte Center Organizational Chart, and interviews with PREA Coordinator and Facility Director/PREA Compliance Manager, El Monte Center meets the standard.

Instructions for Overall Compliance Determination Narrative

Based on GEO policy #5.1.2-A: Sexually Abusive Behavior Prevention and Intervention, and El Monte #policy 2014-1: PREA Staffing and Facility Requirements, the agency has developed, documented and made its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing and uses video monitoring to protect residents against sexual abuse.

A PREA Annual Facility Assessment is completed by Facility Director/PREA Compliance Manager and forwarded to the agency's PREA Coordinator and the Vice President, Residential Reentry Centers for review and approval.

The last PREA Annual Facility Assessment of El Monte Center was completed on 06/13/17.

Currently, there are five vacancies: 3 monitors, 1 Case Manager, and 1 Employment Specialist at El Monte Center. Since all vacant positions were being filled by the use of overtime, there were no deviations to the established staffing plan and no recommendations were made for any changes to the current staffing levels.

As an added layer of increased security, supervision and monitoring, the facility has in place a count verification procedure to monitor surveillance tapes on a weekly basis to ensure staff is conducting formal resident counts. These verifications are documented on a Resident Count Verification Checklist form.

To ensure accountability, management staff conducts and document unannounced PREA rounds within their respective areas to identify and deter employee sexual abuse and sexual harassment. Eventually, confirmation that surveillance tapes have been reviewed and results documented by management on the Residential Count Verification Checklist has to be reported directly to the Sr. Area Manager and the Vice President, Residential Reentry Centers on a weekly basis.

This practice was confirmed through staff and resident interviews.

Based on agency policy #5.1.2-A: Sexually Abusive Behavior Prevention and Intervention, and El Monte #policy 2014-1: PREA Staffing and Facility Requirement, Approved Staffing Plan, Facility PREA Annual Assessment, Resident Count Verification, Unannounced Rounds Log,

Statement of Fact Memo, Monitor Schedule, Camera Location Form, and interviews of residents and staff, El Monte Center exceeds the standard.

GEO El Monte Center policy #5.1.2-A: Sexually Abusive Behavior Prevention and Intervention, and El Monte Center policy #2014-4, address resident pat searches, strip searches, body cavity searches and the limits to cross-gender viewing and searches. All staff receives training in pre-service and in annual in- service training on how to conduct searches, including searches of transgender and intersex residents.

This information is also reviewed at monthly staff meetings. Cross gender pat down searches, strip searches or visual body cavity searches is prohibited. A staff member of the same gender conduct pat searches and these searches are documented on a pat search log. Female residents interviewed reported that at no time have they been denied access to programs because a female staff member was not available to pat search them.

Residents are allowed to shower, perform bodily functions and change clothing without staff viewing their breasts, buttocks or genitalia. Staff of the opposite gender announces themselves when they enter the housing units. This practice was also observed during onsite.

Residents interviewed confirmed that this practice is being followed and denoted that they have privacy to toilet, shower and change clothing when staff of the opposite sex is in their housing unit.

Agency policy #5.1.2-A: Sexually Abusive Behavior Prevention and Intervention and facility policy# 2014-2 states that the facility shall not rely on resident interpreters, resident readers, or other types of resident assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the resident's safety, the performance of first-response duties, or the investigation of the resident's allegations. Any use in those instances, staff must justify and document in the investigative report.

In addition, The PREA Education Manual for Residents, PREA Resident Reporting Options Poster, GEO PREA brochure: Sexual Assault Awareness, PREA Resident Video are all available in both English and Spanish and is also available in large print in both languages for residents with visual impairments. A Language Line Service for the translation of any other languages, and A TTY phone for hearing impaired residents is available also.

At the time of the audit there were no residents with hearing, visual or cognitive impairments, nor any limited English proficient residents. El Monte Center does not utilize residents as interpreters, readers or other types of resident assistants.

In the past 12 months, there have no instances where resident interpreters were utilized.

Based on agency policy#5.1.2-A: Sexually Abusive Behavior Prevention and Intervention, El Monte Center policy#2014-2, PREA Education Manual for Residents (English, Spanish, & Large Print), Photo and observation of TDD phone (Hearing Impaired), PREA Resident Reporting Options Poster, Sexual Assault Awareness Facility Brochures, Language Line-Accessing Interpreters, and Statement of Facts, El Monte Center meets the standard.

According to GEO policy #5.1.2-E, Investigating Allegations of Sexually Abusive Behavior & Evidence Collection and facility policy #2014-6, the facility follows a uniform evidence protocol for the collection and preservation of evidence for administrative and criminal investigations of sexual abuse.

It is the responsibility of the El Monte Police Department to conduct all criminal investigations and to ensure that all evidence is collected and preserved according to evidence protocols established by the Department of Justice.

Forensic examinations are not performed at El Monte Center. Emergency health care as well as forensic examinations by SANE/SAFE staff is provided at an outside facility with no cost to the resident. An advocate is provided to the resident upon request to provide emotional support. Victims of sexual abuse are referred to the Santa Monica Rape Treatment Center at UCLA Medical Center in Santa Monica, CA or The Rape Foundation.

In the past 12 months, there have been no residents that required SANE exams.

The Facility Director has made multiple attempts to secure MOU's to provide victim advocacy services and their efforts are ongoing. At the current time, referrals for victim advocacy

services are made to the Rape Treatment Center, Santa Monica-UCLA Medical Center, and The Rape Foundation, Los Angeles, CA.

Based on the agency policy #5.1.2-E: Investigating Allegations of Sexually Abusive Behavior & Evidence Collection, El Monte Center policy #2014-6, Santa Monica Rape Treatment Center, The Rape Foundation, MOU email attempt notifications, Hospital Letters, and Statement of Fact, El Monte Center meets the standard.

The GEO policy #5.1.2-A: Sexually Abusive Behavior & Intervention Program, addresses the agency's training requirements, and mandates all employees, volunteers, and contractors receive training on the agency's zero tolerance policy for sexual abuse and sexual harassment at pre-service and annually at in-service training.

Staff interviewed at EI Monte Center was very knowledgeable about the agency zero-tolerance policy for sexual abuse and sexual harassment; How to fulfill their responsibilities concerning prevention, detection, reporting, and response concerning sexual abuse and sexual harassment; The residents' rights to be free from sexual abuse and sexual harassment; Resident and employee's rights to be free from retaliation for reporting sexual abuse and sexual harassment; The dynamics of sexual abuse and harassment in confinement; The common reaction of victims to sexual abuse and sexual harassment; How to detect signs of sexual abuse and sexual harassment; How to avoid inappropriate relationships with residents; How to communicate effectively and professionally with residents (LBGTI); and how to comply with relevant laws related to mandatory reporting.

The agency 2017 PREA training curriculum was reviewed and found to be very comprehensive and meets all the elements of 115.231(a) of this standard.

The Facility Director/PREA Compliance Manager and the Social Services Coordinator provide

the staff PREA training at El Monte Center. Employees, who may have contact with residents, receive refresher training on PREA requirements every two years. However, additional PREA training is conducted throughout the year at staff meeting training, which is also documented.

In the past 12 months, 15 employees at El Monte Center, who may have contact with residents, were trained and or have had refresher training on the PREA requirements.

Random interviews with staff confirm receiving this training and knew their responsibilities for preventing, detecting and responding to allegations of sexual abuse. Employees sign a PREA Basic Training Acknowledgement form stating that they have received and understood the training they received.

Based on policy #5.1.2-A: Sexually Abusive Behavior & Intervention Program, PREA signed Acknowledgment form, GEO 2017 PREA Training Curriculum, random interviews with staff, El Monte Center exceeds the standard.

Agency policies #5.1.2-A: Sexually Abusive Behavior & Intervention Program, #El Monte Center #2014-2: Intake & Orientation mandates the facility provide PREA education to all residents beginning at inception into El Monte Center. Within 24 hours of arrival, incoming residents are provided with educational information explaining the agency zero-tolerance policy regarding sexual abuse and sexual harassment and how to report incidents of sexual abuse and sexual harassment. Residents also receive a PREA Education Manual for Residents and a GEO PREA Sexual Assault Awareness Program pamphlet, and GEO Reporting Options brochure by their assigned Case Manager.
In addition, all residents view a PREA video, which is shown during their Transitional Class. Residents sign a Resident Video Acknowledgement form confirming receipt of the PREA Video and PREA Resident Education Manual. All information is provided in both English and Spanish. Resident education is documented for each resident and maintained in the resident files.
Random residents interviewed acknowledged receiving the PREA training information and were knowledgeable of the agency's zero- tolerance policy, on how to report incidents of sexual abuse and sexual harassment. Also, all were aware of the contact information located throughout the facility and were provided PREA specific Literature/Video presentation during initial processing and upon arrival at El Monte Center.

Based on GEO policy #5.1.2-A: Sexually Abusive Behavior & Intervention Program, the facility's investigators receive specialized training in addition to the general education provided to all staff. This training meets the expectations of the standard and provides the recipient with the needed skills to conduct investigations in a confinement setting.

Specialized training includes techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral. The agency's PREA Coordinator provides a four-hour specialized training for investigators. At the El Monte Center the Facility Director, is the assigned investigator, who completed training on 10/21/14.

The facility maintains documentation that the investigator has received required specialized training in conducting sexual abuse investigations.

Based on agency policy #5.1.2-A: Sexually Abusive Behavior & Intervention Program, Investigation Lesson Plan, Completion Certificate, and General PREA Training Records, El Monte Center meets the standard.

Instructions for Overall Compliance Determination Narrative

Based on GEO policy #5.1.2-A: Sexually Abusive Behavior & Intervention Program, and El Monte Center #2014-3: Screening/Admission, the agency requires that residents be screened upon admission for risk of sexual abuse victimization or sexual abusiveness toward other residents.

PREA Risk Assessment form is used to screen residents upon admission and was found to contain all requirements of this standard. Policy also states, residents may not be disciplined for refusing to answer any questions or for not disclosing complete information. In addition to the screening form, a detailed review of any available records, which can assist in determining risk assessment, is required.

Within 30 days of arrival, a PREA Vulnerability Reassessment Questionnaire is completed to reassess the risk of victimization or abusiveness of all residents. Reassessments are completed, and referral requests are completed when incident of sexual abuse or receipt of additional information is received. The assigned Case Managers are responsible for conducting the initial and 30-day reassessment screenings of residents.

Random interviews with residents confirmed that screening upon intake and reassessments within 30 days of arrival are being completed. In interview with two Case Managers, they articulated their responsibilities of the screening process.

Within the past 12 months, there were 178 residents at El Monte Center (whose length of stay in the facility was for 72 hours or more) who were screened for risk of sexual victimization or risk of sexually abusing other inmates within 72 hours of their entry into the facility. El Monte Center exceeds mandate of the standard. Residents are screened within 24 hours of their entry into the facility.

Within the past 12 months, there was 178 inmates at El Monte Center (whose length of stay in the facility was for 30 days or more) who were reassessed for their risk of sexual victimization or of being sexually abusive within 30 days after their arrival at the facility based upon any additional, relevant information received since intake. Residents in the program longer than 180 days, receives additional reassessment every 6 months.

Based on GEO policy #5.1.2-A: Sexually Abusive Behavior & Intervention Program, El Monte Center #2014-3: Screening/Admission, PREA Risk Assessment Form, PREA Vulnerability Reassessment Questionnaire, interviews with residents, and case managers, El Monte Center exceeds the standard.

Guidelines on housing and program assignments and for the management of transgender an intersex residents are outlined in GEO policy #5.1.2-A: Sexually Abusive Behavior & Intervention Program, and El Monte Center #2014-3. The agency does not place LGBTI residents in housing units solely based on their sexual orientation.		
The facility utilizes information from the risk assessment to inform housing, bed, work, education, and program assignments with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive. GEO El Monte Center Directives and Policies #5.1.2-A Sexually Abusive Behavior Prevention and Intervention Program (PREA), El Monte Center #2014-6, ensure residents are provided with access to outside victim advocates for emotional support without financial cost. Residents are given mailing addresses, telephone numbers, and the facility informs residents prior to giving them access of the extent to which such communications will be monitored.

Guidelines on how to access these agencies are provided to residents at intake by assigned Case Managers, and PREA Residents Education Manual, PREA Posters displayed in each resident's room, and throughout the facility.

Although facility administrators has made multiple attempts to secure MOU's from community agencies with no success; victims requesting advocacy services is referred to the RAINN National Hotline Network (1-800-656-(HOPE) 4673 – toll free), Peace Over Violence Rape & Crisis Center, Pasadena, CA (626-584-6191), Rape Treatment Center Santa Monica-UCLA Medical Center, East Los Angeles Women's Center, for women only, (323-526-5819), YMCA Greater Los Angeles, and Battered Women Hotline. Contacting any of the numbers allows the residents to remain anonymous upon request.

Residents interviewed were knowledgeable about the outside confidential support services available to them.

During this audit cycle, no victim's referral for offsite emergency medical or mental health services related to PREA.

Based on agency policy #5.1.2-A Sexually Abusive Behavior Prevention and Intervention Program (PREA), El Monte Center policy #2014-6, Access to Emergency Medical & Mental

The agency policy #5.1.2-A: Sexually Abusive Behavior & Intervention Program, (Third Party Reporting) provides multiple methods to receive third-party reports of sexual abuse or sexual harassment.

Reviewed GEO Corporate website: www.geogroup.com (Social Responsibility), to ensure compliance with 115.54(a) and verified that it contains information required stipulated in standard.

Additionally, the information on the web site encourages third parties to report allegations to the Facility Administrator, and GEO Corporate PREA Coordinator. Outside parties can report verbally or in writing to the facility management also.

Third Party reporting information is also included in the PREA Resident Education Manual, which is provided to each resident at intake. PREA Posters were observed throughout the facility and posted in each resident's housing unit. All information stated above is provided in both English and Spanish.

Based on agency's policy #5.1.2-A: Sexually Abusive Behavior & Intervention Program, random staff and resident interviews. El Monte Center meets this standard.

Instructions for Overall Compliance Determination Narrative

Reviewed procedures prohibit contractors or volunteers who engaged in sexual abuse to have contact with inmates and require they be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies.
There were no contractors, or volunteers in the facility, at the time of the audit.
El Monte Center reported on the PAQ, there have been no instances of sexual abuse/harassment in the past twelve months involving contractors or volunteers being accused of PREA violations with residents. This was confirmed during the facility audit tour.
Based on agency policy#5.1.2-E: Investigating Allegations of Sexually Abusive Behavior, (PREA), and Statement of Facts memo, El Monte Center meets the standard.

GEO policies and procedures #5.1.2-E: Investigating Allegations of Sexually Abusive Behavior (PREA), and El Monte Center #2014-6, outlines disciplinary sanctions that may be imposed on residents who engage in sexual abuse and sexual harassment.

Residents are subject to discipline internally for resident on resident sexual abuse. Residents are only disciplined for sexual relations with staff in cases where it is determined to be without consent from staff.

Sanctions are commensurate with the nature and circumstances of the abuse committed, the resident's disciplinary history, and the sanctions imposed for comparable offenses by other residents with similar histories. Furthermore, it shall be determined whether the resident's mental disabilities or mental illness contributed to the individuals' behavior.

The agency does not allow for consensual sexual relations.

In the past 12 months, there have been no administrative findings of resident on resident
